Session Program Arrangement for HIS 2025

December 2, 2025

Parallel Session I - ROOM A - Onsite

Paper ID	Manuscript's Title	Authors
71	Assessing Healthcare Workers' Readiness for Telemedicine Adoption: Insights Across Core, Clinical, E-Learning, and Technological Dimensions	Angel Yustina Ngongo (Maranatha Christian University, Indonesia) Jully Ivone (Maranatha Christian University, Indonesia) Stella Tinia Hasianna ((Maranatha Christian University, Indonesia)
23	Food Derived Biostimulant Technology Revealed and Retrieved by Natural Language Processing Achieved	Yoshiyuki Kobayashi (Hoshi University, Japan) Kakeru Ota (University of Tsukuba, Japan) Maya Iwano (Yamaguchi University, Japan) Itsuki Kageyama (Hoshi University, Japan) Kota Kodama (Hokkaido University, Japan) Kazuhiko Tsuda (University of Tsukuba, Japan)
37	Federated Deep Learning Framework for EEG Classification in BCI Applications	Taslima Khanam (Victoria University, Australia) Siuly Siuly (Victoria University, Australia) Kate Wang (RMIT University,Australia) Frank Whittaker (Nexus Research Institute Pty Ltd, Australia) Hua Wang (Victoria University, Australia)
49	Focus Detection Using EEG: Trends, Challenges, Advantages, Application Areas, Background, and Implementation	Teddy Marcus Zakaria (Maranatha Christian University, Indonesia) Armein Z.R. Langi (Institut Teknologi Bandung, Indonesia) Dimitri Mahayana (Institut Teknologi Bandung, Indonesia) Isa Anshori (Institut Teknologi Bandung, Indonesia)

Parallel Session I - ROOM B - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
1	Equity by Design: Integrating Bias Audits and Fairness Mandates into Healthcare AI Governance	Dulani Athukorala (Victoria University, Australia) Khandakar Ahmed (Victoria University, Australia) Raza Nowrozy (Victoria University, Australia)
5	Design of Integrated Machine Learning-Bidirectional LSTM Hybrid Model for Gastric Cancer Risk Prediction Driven by Multimodal Data	Jia-Yu Cao (Beijing University of Technology, China) Hua-Min Chen (Beijing University of Technology, China) Shaofu Lin (Beijing University of Technology, China) Biyu Yao (People's Hospital of Yuhuan, China) Yan-Hua Sun (Beijing University of Technology, China)
7	DiT-Dep: A Diffusion with Transformers-based Framework for Depression Detection and Neuroimaging Biomarkers Identification	Yufu Huo (University of Chinese Academy of Sciences, China) Ruitao Xie (Shenzhen University of Advanced Technology, China) Yunpeng Cai (Chinese Academy of Sciences, China)
50	Machine Learning Approaches for Detection of Somatic Mutations and Copy Number Alterations A Systematic Literature Review	Faisal Asadi (Bina Nusantara University, Indonesia)

Parallel Session I - ROOM C - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
12	Elderly Health Consultation System Implemented with Large Language Models and Multi-Agent Systems	Shaojie Wang (Beijing University of Technology, China) Shaofu Lin (Beijing University of Technology, China) Zhisheng Huang (Vrije University Amsterdam, Netherlands) Haoru Su (Beijing University of Technology, China) Fengyuan Zuo (Beijing University of Technology, China) Jing Bai (Beijing University of Technology, China) Kang Peng (Beijing University of Technology, China)
20	Learning Approach Based on BERT Model for Depression Severity F	Ngonidzashe Mathew Kanyangara (Federation University, Australia) Madhu Chetty (Federation University, Australia) Jiangang Ma (Federation University, Australia)
16	psy Detection from EEG Signals using an SXTD-Weighted Visibility	Supriya Supriya (Torrens University, Australia) Nandini Sidnal (Torrens University, Australia) Tony Jan (Torrens University, Australia)
40	Heart Attack Prediction Using Deep Learning Methods	Ivo Herid Lesmana (Bina Nusantara University, Indonesia) Syarifah Diana Permai (Bina Nusantara University, Indonesia) Jeklin Harefa (Bina Nusantara University, Indonesia) Gredion Prajena (Bina Nusantara University, Indonesia)

Parallel Session I - ROOM D - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
33	Design and Implementation of an Intelligent Medical Record Review Assistant Based on Large Language Models	Xuguang Zhu (Tsinghua University,China) Siyan Wu (Tsinghua University,China) Pengtao Li (Tsinghua University,China) Chunxiao Xing (Tsinghua University,China) Yong Zhang (Tsinghua University,China)
29	Simultaneous Anonymization of Electronic Health Records: A Multi-Privacy-Model Optimization Approach	Mingshan You (Victoria University, Australia) Yong-Feng Ge (Victoria University, Australia) Jiao Yin (Victoria University, Australia) Kate Wang (RMIT University,Australia) Hua Wang (Victoria University, Australia)
17	Reassessing Digital Care: Sociotechnological Drivers of Telemedicine Disengagement Among Filipino Physicians	Michelle Bernabe (University of St. La Salle, Philippines) Ryan Ebardo (De La Salle University, Philippines)
60	Dissemination of Sustainable Development Goals for the Third Indicator (good health and well-being) Through the Knowledge Management Systems	Wahyu Sardjono (Bina Nusantara University, Indonesia) Hasyiya Karimah Adli (Universiti Malaysia Kelantan, Malaysia) Maryani (Bina Nusantara University, Indonesia) Trias Septyoari Putranto (Bina Nusantara University, Indonesia) Azani Cempaka Sari (Bina Nusantara University, Indonesia) Ilham Radito (The University of Sydney, Australia)

Parallel Session II - ROOM A - Onsite

Paper ID	Manuscript's Title	Authors
21	Optimal Privacy Budget Allocation Framework for Medical Data Publish	Samsad Jahan (Victoria University, Australia) Wei Hong (Victoria University, Australia) Yong-Feng Ge (Victoria University, Australia) Hua Wang (Victoria University, Australia) Enamul Kabir (University of Southern Queensland, Australia) Frank Whittaker (Nexus eCare, Australia)
42	Can Machine Learning be effective with Small Datasets? Insights from Modeling in Neuroscience	Maria Cristina De Cola (IRCCS Centro Neurolesi Bonino-Pulejo, Italy) Fabiana Pia Vitiello (IRCCS Centro Neurolesi Bonino-Pulejo, Italy) Maria Lui (IRCCS Centro Neurolesi Bonino-Pulejo, Italy)
32	Blockchain-Based Telemedicine in Cross-Border Medical Tourism Post-Treatment Care	Angelina Marlina Fatmawati (Maranatha Christian University, Indonesia) Pan Lindawaty Suherman Sewu (Maranatha Christian University, Indonesia)
72	Sentiment Analysis of Diabetes in X Platform using the K-Nearest Neighbor (KNN) and Support Vector Machine (SVM) Methods: Case Study of Indonesia	Emil R Kaburuan (Mercu Buana University, Indonesia) Siti Maesaroh (Mercu Buana University, Indonesia) Muhamad Zaky Wijdan (Mercu Buana University, Indonesia) Lusy Widowati (Lincoln University College, Malaysia) Sam Goundar (University of Central Asia, Kyrgyzstan)

Parallel Session II - ROOM B - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
2	Work Performance: Perspectives from Social Media Use and its Implications for Early Detection of Mental Health	Ramadhana Kusuma Adiputra (Bina Nusantara University, Indonesia) Fitriyah Rachmawati (Bina Nusantara University, Indonesia) Eka Agus Sanjaya (Bina Nusantara University, Indonesia) Anita Maharani (Bina Nusantara University, Indonesia)
24	Towards AI-Assisted Doctors: Exploring Factors Affecting the Use and Acceptance of ChatGPT by Medical Doctors in the Philippines	Francis Marlon Cabredo (De La Salle University, Philippines) Ryan Ebarido (De La Salle University, Philippines)
28	Users Want - Insights from Indonesian Mobile Health Applications R	Devi Karolita (Palangka Raya University, Indonesia) Indra Fiqi Ripani (Palangka Raya University, Indonesia) Ariesta Lestari (Palangka Raya University, Indonesia) Felicia Sylviana (Palangka Raya University, Indonesia) Angeline Novia Toemon (Palangka Raya University, Indonesia)
56	Managing Health Insurance in Indonesia: Developments, Obstacles, and Industry 4.0's Impact on Claim Processing	Wahyu Sardjono (Bina Nusantara University, Indonesia) Dwi Putra Kasoema (Airlangga University, Indonesia) Maryani (Bina Nusantara University, Indonesia) Trias Septyoari Putranto (Bina Nusantara University, Indonesia) Azani Cempaka Sari (Bina Nusantara University, Indonesia) Ilham Radito (The University of Sydney, Australia) Hasyiya Karimah Adli (Universiti Malaysia Kelantan, Malaysia)

Parallel Session II - ROOM C - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
22	Method for Analyzing Information on Psychosomatic Issues Based on Service Recipient Dissatisfaction	Maya Iwano (Yamaguchi University, Japan) Yoshiyuki KOBAYASHI (Hoshi University, Japan) Kakeru OTA (University of Tsukuba, Japan) Kazuhiko TSUDA (University of Tsukuba, Japan)
51	Air Quality Index During Coronavirus Disease 2019 Breakdown	Faisal Asadi (Bina Nusantara University, Indonesia) Joko Pebrianto Trinugroho (Bina Nusantara University, Indonesia) Arif Budiarto (Bina Nusantara University, Indonesia)
55	In the Digital Age, Branding for Sustainable Healthcare	Wahyu Sardjono (Bina Nusantara University, Indonesia) Deltu Ariesa (Airlangga University, Indonesia) Maryani (Bina Nusantara University, Indonesia) Trias Septyoari Putranto (Bina Nusantara University, Indonesia) Azani Cempaka Sari (Bina Nusantara University, Indonesia) Ilham Radito (The University of Sydney, Australia) Hasyiya Karimah Adli (Universiti Malaysia Kelantan, Malaysia)
70	Antioxidant and Anti-Aging Potential of TriGlow+: Evaluation through DPPH, FRAP, Elastase, and Collagenase Assays	Wahyu Widowati (Maranatha Christian University, Indonesia) Susy Tjahjani (Maranatha Christian University, Indonesia) Meilinah Hidayat (Maranatha Christian University, Indonesia) Sulkhan Windrayahya (Anugrah Original Bionatura Indonesia, Indonesia) Dwi Nur Triharsiwi (Bimolecular and Biomedical Research Center, Indonesia) Maheda Dwinarendra (Fathonah Amanah Shidiq Thabligh, Indonesia)

Parallel Session II - ROOM D - Online <https://s.id/his2025>

Paper ID	Manuscript's Title	Authors
15	Interiority for Sexual Disease Rehabilitation with Positive Environment Design Approach	Vincentius Raymond (Bina Nusantara University, Indonesia) Andriano Simarmata (Bina Nusantara University, Indonesia)
26	Integrating Milieu Therapy Principles into Sustainable Interior Design for Eating Disorder Rehabilitation	Annisa Zayyan Farah Yumna (Bina Nusantara University, Indonesia) Andriano Simarmata (Bina Nusantara University, Indonesia) Dini Cinda Kirana (Bina Nusantara University, Indonesia)
8	A Method for Extracting Dissatisfaction Entities in the Pharmaceutical Sector Using Large Language Model	Kakeru Ota (University of Tsukuba, Japan) Takumi UCHIDA (University of Tsukuba, Japan) Maya IWANO (Yamaguchi University, Japan) Kazuhiko TSUDA (University of Tsukuba, Japan)
38	AI-Powered Ergonomic Innovation to Improve Workplace Wellbeing and Productivity	Eka Prita Yuliatin (Bina Nusantara University, Indonesia) Rienna Oktarina (Bina Nusantara University, Indonesia)
